Domestic flour mills

This Jas brand aata maker is extremely elegant, light in weight and easy to use - making it your perfect kitchen appliance. It is loaded with thoughtful design features to compliment your modern life style. Simply pour grain in the hopper and you will get choice of fine, medium or coarse flour quickly and easily. It keeps you free from tensions and painful extra efforts.

Every hour, effortlessly, this domestic flour mill transforms 9 kilograms of the grain into the finest flour.

The strong, reliable 1 h. P. Single-phase ac motor having 2880 rpm and 750 watts is running on 230 volts, 5 amps. Motor is high tech, operates perfectly even at a low voltage of 175 volts with low power consumption and so quiet in operation. It consumes only 0.75 units in 1-hour operation & grind 1 kg in 7 minutes.

The rotation of the grinding blades is maintained at a moderate speed to avoid heating of the ground flour there by retaining the original taste, flavor and aroma of the flour or grains. This flour also has a longer self-life and easy for digestion.

Jas domestic flour mill has ultra special filter keeps the flour cool and thus keeps nutritious properties intact.

Jas domestic flour mill is without compromise and is the result of thousands of hours of research and years of constant testing. It is in tune with today's modern life style. With an overall size of 560 length X 375 width X 740 heights in millimeters at a time container storage capacity is ranging 2.5 kilograms to 4.5 kilograms and 8 to 12 kilograms per hour grinding capacity. You have an option to grind smaller quantity as less as 100 grams.
